

BEDFORD GAZETTE

VOLUME 115, No. 24.

BEDFORD, PA., FRIDAY, MARCH 19, 1920

ESTABLISHED IN 1805

PERSONAL NOTES

Arrivals and Departures of Residents and Visitors

IN THE SOCIAL WORLD

The Column Everybody Reads—Chat About Your Friends and Neighbors—Here and There.

U. G. Snyder, of Osterburg, transacted business in Bedford Monday.

J. W. Miller, of Saxton, was a caller at our office on Monday.

A baby girl was born to Mr. and Mrs. Robert Barkman, of Piney Creek last week.

Lycurgus Long, son of Mr. and Mrs. Ira Long is suffering from an attack of appendicitis.

Mrs. Harry Robison suffered an attack of acute indigestion, but is better.

The Ples—U Shop has moved into its new quarters on the corner opposite the Gazette building.

Mrs. S. C. Meakle and Mrs. Ed. Ward Shaffer and daughter, Marian, spent Saturday with relatives in Bedford.

Barton Jay of Clearville Route 1 and Virgil VonStein, of Clearville, Route 2, were Bedford visitors on Monday.

Joseph Barkman of this place, went to Philadelphia Wednesday for treatment at the hospital for a growth on his cheek.

The Coffin Bible Class and the Ever Ready Circle of the Lutheran church will hold a "Bake" sale Saturday, March 27th in the waiting room of the Bedford Garage.

Miss Bessie Barkman who has been visiting in Bedford for a few weeks returned home and her sister, Miss Julia, came to help Mr. Elias Gibson's move.

Mr. William Hafer and family who recently occupied the old Hademan house on West Pitt Street have moved to Greensburg where they will engage in farming.

Report of the Condition OF THE HOBLITZEL NATIONAL BANK,

at Hyndman, in the State of Pennsylvania at the close of business February 28, 1920

RESOURCES

Loans and discounts 110,704.67

Foreign bills of exchange or drafts sold with indorsement of this bank 110,704.67

Overdrafts unsecured 23.31

Floyd Mellett and Lulu Reed, both of Saxton.

Webster J. Van Horn and Miriam L. Mann, both of Everett.

Dann R. Gardner and Ethel M. Keller, both of Bedford.

From Civilian to Soldier

State Library July 1904

A great many people may think that in order to get into the army, all that is necessary is for a man to walk into a recruiting station and tell the sergeant that he wants to enlist.

That would be like selling a horse to a dealer without him seeing it. It can't be done and the recruiting sergeant is very much like the horse dealer, he has to be shown.

Somewhere near every recruiting station you will see a sign like this, MEN WANTED FOR THE UNITED STATES ARMY, and there never has been a time when they needed men as badly as they need them now.

I wonder how many men ask themselves these questions when they read this sign, am I physically fit to be a soldier?

Could I satisfy the recruiting sergeant as to character? I think it is worth taking a chance, for if you cannot satisfy the sergeant as to character and physical condition you can continue on in civilian life and you will have wasted about 15 minutes of your time while you were in the recruiting office and if you were accepted it would make you feel pretty good to know that you were fit to be a soldier in our NEW DEMOCRATIC PEACE TIME ARMY.

I think would be worth spending at least one year with Uncle Sam just to find that out. The Army is not looking for perfect men, an there has never been but one that came under that class, but the army wants men that have no defects such as would render them unfit for duty.

You see men on the street or in crowds that look strong and healthy, they may even consider themselves in good physical condition, but when they step into a recruiting station and get into their garden of eden costume they find out their true condition, for all men stand upon their merits. It has been proven that seventy per cent of our young men have minor remedial defects and the vast majority are in blissful ignorance of their own condition.

During the late war Germany mobilized fifteen per cent of her population. She was able to do this on account of compulsory physical training in the public school which shows up the various minor defects and gives an opportunity for their correction.

The United States would have had great difficulty in reaching ten per cent. England began physical training among the young men very early in the war and was thereby enabled to mobilize nearly ten per cent. After a young man is accepted at the local Recruiting Station he is forwarded to the main station at Harrisburg where he receives physical examination, and if he passes that he is forwarded to the camp for which he enlisted or to the Recruit Depot at Columbus Barracks Ohio.

Here he receives his final examination under specialists. One Surgeon will test his heart and lungs, another his nose, throat and mouth and another his eyes and ears. A dental Surgeon is present to examine the teeth. If any of the surgeons discover a defect a note is made of it and after the examination these notes are compared to see the applicants true condition. If any of the defects can be corrected by an operation the applicant is informed of the fact and he is required to sign a paper giving his consent to the operation. Men are examined in squads of fifty and after the examination the doubtful cases and rejections are required to fall out and the ones who pass are all mustered into the service at one time.

The rejected applicants are furnished transportation to their homes, the doubtful cases are gone over once more, and the ones who were mustered in are photographed and finger printed. Then they return to the examining room for the following: a small quantity of blood is removed from the arm for the Wasserman test, the vaccination for prevention of Small pox is made, the anti typhoid serum is injected into the left arm near the shoulder and recently they inoculate all men as a protection against influenza. To prevent mistakes in handling so many men, they are given a number as soon as they arrive at the receiving barracks. This number is placed on the back of the left hand with bright red ink and all papers pertaining to an applicant are given the same number. A well equipped examination room can handle seven hundred men per day and during the big rush in December 1917 they handled from twelve to fourteen hundred men per day. I forgot to mention about the feet. While the applicant is at the hospital his feet are measured to determine the exact size of shoe to be worn. Men in civil life wear ill fitting shoes as a rule, but about four million who wore the correct fitting Munson shoe will never do it again. The shoes worn during the War were very heavy and appeared clumsy, but for some men it was the first time that they had a shoe large enough to fit the foot. The last shoe issued with the iron plate on the heel, called the Pershing shoe weighed about nine pounds and did not resemble the shoes sold at stores but they were very comfortable after we became accustomed to them.

(Continued next week.)

PETITIONS TO SIGN

The Gazette has two petitions to be filled by Democrats of the County. The one is for A. Mitchell Palmer, to get his name printed in the Primary ballot for President. The other is for Joseph F. Guffey, for National Committeeman from the State of Pennsylvania. Democrats will please make their presence known to us when in town and come in to sign these petitions before the time limit is up.

Just because you kissed your girl in the rain doesn't say you are her rain-bean.

"WEBSTER GRIM."

PUBLIC HEALTH MEETING

On Monday a public health meeting was held in the Court House at the call of Dr. Ayres, by a request from Dr. Martin, of the state.

The purpose of the meeting seems to be the welfare of the poor people of the county.

Dr. Ayres named as a Medical Council, Mrs. J. C. Smith, Drs. W. F. Enfield and E. L. Smith, S. A. Cessna, L. H. Hinkle and S. H. Sell, Esq. Dr. Americus Enfield made a short address. Others made brief remarks.

Miss Sullivan, the state nurse of Hyndman and Mrs. J. C. Smith will help the various committees to organize and get the work started.

Miss Emily Statler was named chairman of committee on child welfare; Mrs. L. H. Hinkle, on Nuisance; Mrs. Stella Mann, on Publicity; Mrs. J. C. Russell on Files; Mrs. D. W. Prosser on Housing; Mrs. J. W. Galtbreath on Communicable Diseases.

On the School Education the following chairmen were elected: Miss Fannie Enfield, Bedford; Mrs. John Zeth, Hopewell; Mrs. Fannie Stayer, Woodbury; Mrs. P. A. Barnett, Saxton; Mrs. Wesley Holler, Mann's Choice; Mrs. L. B. Shaw, Riddlesburg; Mrs. Frank Gump, Jr., Everett.

A Forty-Two Mile Naval Speed.

The Gazette notes that the naval destroyer Graham, just built at Newport News, Va., has made a speed record on a trial run of a little better than thirty-six knots an hour, which is something better than forty two mile. This is practically railroad speed. The "flyers" run at higher rates on certain long stretches, but their average is not much better than the speed of the Graham in her recent speed test.

"Memories of the old Cushing, the first torpedo boat, are revived by this performance of the Graham.

Since the Cushing's days there have been wonderful developments in high power speed boats, and especially in the naval service. There are craft outside of that service that make better speed than the Graham, but they are mere racers. During the war a plan was projected to put some of these craft in service for submarine chasing, but none of them got overseas. The real work of submarine destruction was made by the destroyers themselves, with their high speeds and seaworthy qualities and remarkable facility of maneuver.

The Gazette believes the fifty-mile destroyer is not a hopeless vision. It is likely to be developed as engineering and fuel problems are solved and perhaps more perfect construction is accomplished. Indeed, the possibilities of rapid navigation seem limitless.

GOOD ROADS RALLY and SUPERVISORS CONVENTION

The seventh annual convention of the Supervisors and Good Roads Association of Bedford County will be held in the Court House Bedford, March 25 and 26.

Various types and methods of road building will be discussed. The "Township Award Act" will be fully explained by Representatives of the Highway Department.

Supervisors and all friends of the good roads movement are expected to be in attendance.

Every effort has been made to make this the most interesting and instructive "Good Roads" rally ever held in our County.

SENATOR GRIM COMES OUT FOR PALMER

Endorses Sterling's Harmony Move.

Former State Senator, Webster Grim, of Doylestown, Democratic candidate for Governor of Pennsylvania in 1910, on Tuesday morning announced his candidacy for Delegation at Large to the Democratic National Convention at San Francisco.

Senator Grim comes out squarely for the Democratic nomination for the Presidency and endorses the move recently inaugurated in this State party reorganization by Bruce Sterling, stating his reasons therefore in the following open letter to the Democrats of the State:

"The opportunity for future harmonious party advancement lies in the announcement of Hon. Bruce Sterling that he is heading a new movement, and in which all elements of the party are recognized. This offers to the Democracy of the State a real hope. I have watched Mr. Sterling's course for twenty years. He has never bolted a nomination, is tolerant, and the kind of a leader which all of us can safely follow.

"I am ready to back up his efforts in every way possible and it is because of this that I am announcing myself as a candidate for Delegate at Large, and upon that platform I am going to ask support.

"It now appears certain that a son of Pennsylvania has a good chance for nomination of President. The State pride of our people and the unwritten rules of political procedure if nothing more, require that the delegates from our State should support Hon. A. Mitchell Palmer. This is only political horse sense. If we should fail in this, we not only split our party wider open, but make ourselves ridiculous to the Democracy of the nation, like we did in 1889 and 1894.

"I have perhaps more cause to remember the injustices of the past than almost any one else in the State, but I am so sure that Mr. Sterling's new leadership means political toleration and renewed party success that I am going to ask all my friends to support his efforts for party rejuvenation.

"WEBSTER GRIM."

QUALITY VITAL TO QUANTITY OF CORN

The quantity and quality of the corn you will harvest next fall depend first, on the kind of seed you plant this spring. Perfect culture and the best weather in the world can no remedy he initial evil if you plant poor seed.

A good seed corn, say specialists of the United States Department of Agriculture is one that is adapted to the locality, is grown on the most productive plants of a productive variety, is well matured and preserved from ripening to planting time in such a way that the full vigor of the seed will be retained.

It should have been selected in the fall from the stalk, but if that was neglected, all that can be done now is to obtain a uniform type of seed true to varietal characteristics and that will grow.

The mere fact that the kernels will sprout in a germinator is not the whole story. Recent experiments have shown that weak sprouts may be indication of disease, that similar seed when planted is likely not to sprout and, if it does will grow only a few inches or, at best, produce a barren stalk.

Corn that will come up but that will produce an unprofitable crop is worse than seed which won't grow at all, because it fools a farmer into wasting labor and land on it. Know what your seed will do by selecting it yourself.

Cheap seed corn may prove very dear; the seed corn that produces the best crop usually is the cheapest.

If you must buy seed, pay your neighbor a reasonable price for selected well preserved seed of a variety that has made good in a neighboring field, but don't pay a stranger a fancy price for seed claimed to give miraculous yields.

Points on Preparing for Planting Seed.

Seed ears should first be nubbed, and the kernels from tip and butt should be discarded from the seed supply. The small kernels from the tips are less productive than the other kernels on the ear; the thick rounded kernels from the butts are just as productive as any of the rest, but because of their shape and size they do not plant uniformly when used in a corn planter with other kernels.

Shelling by hand takes more time and labor, but is profitable. The mechanical corn sheller will injure some of the kernels, and thus destroy or reduce their power to grow and yield.

No matter how large the required supply, says the department, it will still pay to shell it painstakingly by hand, because of the greater the acreage to be planted the greater the ultimate profit.

Each ear should be shelled separately into a shallow pan or box, and any blemished, poorly developed, moldy, or worm-eaten kernel should be rejected.

As the seed from each ear is found satisfactory and sound, and free from poor kernels, it is poured into the general supply, and another ear is shelled in the same way. It is much easier to pick out defective kernels from a thin layer in a small sieve than from a large mingled quantity in a bushel measure or a bag.

SCHEDULE FOR COMMON SCHOOL EXAMINATIONS

Common school examinations will be held on the following dates, at the places designated, by the committees named:

April 1, 1920, Buffalo Mills, Margaret Hillegass; Woodbury, M. Elizabeth Stiffler.

April 2, 1920, Imler, Mary Sams; Fishertown, Jessie Wright.

April 3, 1920, Pleasantville, Clyde Potts, Lester Miller; Charlesville, E. B. Nangle, Coy Jay; Bedford, E. A. Hersberger Helen Hammer; Steelstown, W. F. Benner, Martha Clapper; Schellsburg, George L. Wolfe, Stella Colvin; Pavia, J. Lloyd Whyson, Alton Feather; Centerville, Sherman N. Nave, Clyde L. Rose; Baker's Summit, E. C. Pote, Catharine Long; Brezewood, N. N. Stally, J. R. Whitfield; Earlston, John M. Zimmerman, D. C. Robinson; Hyndman, Dorothy J. Miller, Martha Cunrad.

April 17, 1920, Chaneyville, Daisy M. Dicken, Dolcie Lashley; Artemas, Nancy L. Brumbaugh, Belva L. Bennett; Clearville, Edith Williams, Mabel Grubb.

All examinations will begin at 9 o'clock a. m., except the one at Imler which will begin at 9:30 on account of train service.

In case but one person is named on a committee, the County Superintendent or the Assistant will be present as one of the examiners. They will also arrange to attend some of the other examinations.

All work will be done with pen and ink. Applicants will supply themselves with all writing materials. Examination questions and instructions will be sent to the committees before the date of the examination.

Respectfully submitted, Lloyd H. Hinkle, County Supt.

Navy May Seize Fuel Oil.

The Navy is preparing to commandeer the fuel oil necessary for its fighting ships if its requirements are not covered at reasonable prices in bids to be opened soon, Secretary Daniels announced. Less than one-twenty fifth of the quantity asked has been bid upon. At present the navy is paying 33 cents a barrel t. o. b. gulf ports, against a market price around \$3.00 a barrel, which accounts for the lack of bids received.

Some people are of such a disposition that they would kick for good measure even when having a peck of trouble.

LABOR PUTS CANDIDATE CONGRESS IN FIELD

Altoona, March 17.—Last Saturday and Sunday marked the beginning of a real fight on the part of Labor to get recognition in the field of politics. The Labor League delegates met in Altoona on those two days and selected William Welsh, of Nanty-glo, Cambria County, for their candidate for Congress in the 19th Congressional District, Charles Kutz, E. H. Fleck, Charles E. Rhodes, of Altoona, C. Leon Brumbaugh of Juniata and A. C. Richards of New Paris were prominently mentioned as suitable candidates.

The convention was a lively one and attended by about 300 delegates from Bedford, Blair and Cambria Counties. The farmers of Bedford County were represented by S. U. Troutman, of Cessna, Master of the Bedford County Grange, A. C. Richards, of New Paris, a veteran granger F. L. Bertram of Yont's and many others.

The convention adopted the platform of the National Labor party after a long dispute. The platform itself was not read but was distributed to the delegates in printed form.

Mr. Richards, on the roll call for adoption, made clear the objection that while he and others might understand this labor regards the farmer as part of it, the rank and file if the agriculturists object strenuously to the labor designation as the title of a political party and would not go along. Mr. Richards said the name itself invited defeat. It was also explained in great detail that Bedford and Cambria counties which cannot enter the primaries for any new ticket, are free to choose any name they prefer, but that Blair must make secure the right to the use of the title gained last year, the term "non-partisan" being prohibited by the Pennsylvania election laws. Mr. Richards said the farmer has never been cured of the disease of party bias. He said the convention should go to the North Dakota non-partisan league for guidance in the movement here.

Committees were named to promote co-operation with the farmers and with the women who, it was declared, probably will have a vote next November, if not at the primaries.

Altoona unions are lining up strongly in support of Congressman-at-large William J. Burke, of Pittsburgh, a candidate for re-election. A state labor convention is to be held here. The rule eliminating all members of parties other than the Labor party will then again come up for discussion.

Power Running To Waste

The Gazette believes that there will be a pretty general demonstration of water power throughout the entire northern part of the country, this spring. When the snow melts the rivers will be overflowing their banks, and the steady rush of the waters to the sea will carve new lines on their courses. As our coal and oil supplies grow more slender we will be obliged to turn to this natural and marvelously cheap power to keep the wheels of industry moving.

The U. S. Senate has passed a water power bill providing for the creation of a Federal water power commission. The sooner this commission gets into action, the sooner we shall begin to conserve our coal supply, and thereby reduce its enormous cost and economic waste.

Water power is now transmitted to industry instead of industry being compelled to go to the source.

If we will watch the Juniata river any other fair sized river this spring and ponder on the horse power it might develop if harnessed up, we might figure out the vast waste of power there is in the entire country.

DEEDS RECORDED

Noah Deal to Harvey M. Frederick, tract in South Woodbury Twp. \$2800.

Harvey M. Frederick to Simon H. Sell, tract in South Woodbury Twp. \$3000.

Albert Lermignaux to John B. Arac, tract in Broad Top Twp. \$2300.

John B. Gates to Martin L. Amick, lot in W. Providence Twp. \$641.

Martin L. Amick to Adam L. Snyder, lot in West Providence Twp. \$1350.

SHERMAN SAYS G. O. P. MUST "SAVE" NEWBERRY

The Republicans of the United States Senate must "save" Senator Truman H. Newberry of Michigan, now being tried for conspiracy, fraud and corruption in connection with his election, says Senator Sherman of Illinois, or he will bolt the Republican majority. Party solidarity must be preserved, no matter whether an election has been debauched, was the general tenor of the Illinois Republican's warning to his party colleagues, delivered at the top of his voice.

"We on this side of the chamber are either headed to lose one vote, or we must stand together a great deal better than we have been doing," declared Senator Sherman, following the defeat of an amendment he had offered to the deficiency bill, requiring the War Department to furnish copies of the draft records of the constituents of any Senator or Representative.

"I somewhat resent the superior virtue implied for voting on all matters with the minority," he continued. "I can do some of that myself: I have already done so a time or two, as a timely warning; and I will do a good deal more of it before my term expires unless there is a change of behavior on this side of the chamber."

Threatens Defection

Then followed Senator Sherman's threat to possibly throw the majority to the Democratic side of the Senate unless his Republican colleagues stood as one to retain Senator Newberry in his seat, irrespective of the outcome of the criminal trial in progress at Grand Rapids.

As Senator Sherman withheld his remarks from the official Congressional Record apparently in deference to the protests of some Republicans, a copy was obtained from the official stenographer. These quotations are taken from this stenographic report of Senator Sherman's speech:

"I have dwelt within party lines since 1880—forty years this last November," the Illinoisan continued. "I think I cannot fairly be accused of being too liberal in matters of partisan policy, but if the Senator now on trial before the Committee on Privileges and Election (Newberry) shall be unseated, one more vote will turn the majority in this chamber to the other side of the aisle, and I have that one vote," he shouted.

"Unless Mr. Newberry is SAVED this chamber will be for a while until the Governor of Michigan shall act, a tie in the event a single Republican votes with the minority. This mock heroic virtue must cease. I serve timely notice upon Senators upon this side of the chamber that they must be Republican, or there will be divers Senators here who will refuse to do anything."

In discussing the Newberry expenditures for both primary and election, Senator Sherman went to such lengths as to surprise his Republican colleagues, most of whom deserted the chamber while he spoke. Although the Newberry campaign committee, in a sworn statement, admitted spending more than \$176,000 in the primary alone, Senator Sherman justified the expenditures as legitimate. Disregarding the federal statute regulating Senatorial elections, Senator Sherman asserted that he had just as much right as Judge Sessions (who is presiding over the Newberry trial) to pass upon that question.

At the conclusion of Senator Sherman's remarks Senator Warren of Wyoming, himself an unyielding "Old Guardsman," hurried to the Illinoisan and whispered violently. Adjournalment quickly followed.

STOCK DIVIDENDS

Bedford County citizens note that once again the

ACTION ON GAME PRESERVES NEAR

Commission Meeting January 8 to Decide on Lands in Western Section

THREE MORE CONSIDERED

Interesting News Items, Briefly Condensed, Picked Up at the Department, Which Are of Interest to the People of the State.

Harrisburg, Pa.—The State Game Commission will act January 8 on the question of game preserves in Western Pennsylvania. It has been held up because of difficulties over obtaining land not complicated by reservations for mineral rights. The idea is to establish three more game preserves and, if the lands can be secured, to start stocking them as soon as shipments of game are made to game wardens in charge.

The State Forestry Commission at its January meeting also plans to purchase some properties in the western part of the state to inaugurate the plan of developing a state system on the Allegheny watershed. A number of big offers have been made and are being investigated. Most of the land has been cut over and the state authorities want to buy it as cheaply as possible owing to the extensive reforestation necessary. The movement for reserves in this part is at last under way and special appropriations to further it will be asked of the next Legislature.

Important Ruling on Retirement.

Under an opinion given by Deputy Attorney General Emerson Collins to the State School Retirement Fund officers, it is held that the time is passed for persons who were employees of the public school system when the act creating the retirement fund became effective to elect to participate in the benefits. Such persons were known as present employees. Mr. Collins says "It may be noted that the period allowed by the act for present employees to enter the association was not unreasonably short, extending from July 18, 1917, to July 1, 1919, and should have accorded ample notice to all."

To Halt Illegal Flour Sale.

Suits against dealers selling flour declared to have been bleached by the use of chemicals have been ordered brought by State Dairy and Food Commissioner James Foust as the result of analyses made of flour by James A. Evans of Erie, one of the state chemists. Wholesale purchases of flour sold in Pennsylvania have been made by General Agent W. F. Hill of Huntington, following complaints about flour and charges that it was being whitened by artificial means.

Bad Weather Stops Work.

Weather conditions have stopped State highway construction and repairs all over the State and attention is now being concentrated upon keeping roads free of snow. Some of the contractors kept men at work as long as the material could be safely handled. Contracts for work to be done in the spring will be awarded within a few days.

Recruiting National Guard.

Important steps for advancement of recruiting of National Guard units were discussed at the conference of National Guard officers here following the meeting of the State Armory Board. The general officers, staff and regimental commanders are in communication with General J. McI. Carter, chief of the Militia Bureau.

Advance in Telephone Rates.

The Public Service Commission has received notice that the Pine Grove and Cressona Telephone Company, which operates in Schuylkill county, has advanced its rates \$3 to \$8.00 per year. Over a score of telephone companies have given such notice in the last three weeks. The Fayette County Gas Company has filed notice of advance in its rates.

Taxation of Coal Considered.

One of the subjects upon which some data is being prepared for the State Constitution Revision Commission is taxation of coal and other natural resources. It is regarded as pretty certain that a change in the taxation feature that would permit taxation of either kind of coal sold in or out of the State will be recommended, while the graded tax will also be introduced.

State Jitney Certificates.

The Public Service Commission, which has 20 jitney cases to hear in Philadelphia on Friday, has listed 40 applications for State certificates for such vehicles for hearing in Philadelphia on January 9.

Free Hog Cholera Serum Stopped.

Pennsylvania will abandon its free distribution of serum for hog cholera owing to the big increase in the number of swine, but retain control of its sale, according to a general order issued by the bureau of animal industry of the Department of Agriculture. Several years ago the state began the manufacture of the serum, as a means to check hog cholera, but at the outbreak of the war steps were taken to increase the number of hogs along with other livestock and the distribution has become too expensive.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

(By REV. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright 1920, Western Newspaper Union)

LESSON FOR MARCH 21

JOHN'S PICTURE OF WORSHIP IN HEAVEN.

LESSON TEXT—Rev. 7:9-17.
GOLDEN TEXT—Blessing and glory, and wisdom, and thanksgiving, and honor, and power, and might be unto our God for ever and ever. Amen.—Rev. 7:12.
PRIMARY TOPIC—The Heavenly Home.
JUNIOR TOPIC—A Glimpse of Heaven.
INTERMEDIATE AND SENIOR TOPIC—A Vision of the Glorious Future.
YOUNG PEOPLE AND ADULT TOPIC—Permanent Message of the Book of Revelation.

I. The Worshipers (vv. 9-14).
1. Who they are (vv. 9, 11). (1) Redeemed men (v. 9). They are mainly Gentiles—"of all nations, and kindreds, and people, and tongues." They are those to whom the "gospel of the kingdom" has been preached by converted Israelites (Matt. 24:14). In the first part of chapter seven we saw God sealing his chosen ones from Israel. They were sealed with the seal of God in their foreheads, which doubtless means the supernatural endowment of the Holy Spirit on the last days (Joel 2:28-32). While this was partially fulfilled on the day of Pentecost, its larger realization is still future (Acts 2:15-21). This outpouring is for the equipment of the Jews for their divinely ordained mission, namely, to preach the gospel of the kingdom to the whole world. When God sends forth the 144,000 Jews with the unction of the Holy Spirit, the innumerable multitude from all nations will receive Christ, the slain Lamb, for their redemption. (2) All the angels (v. 11). These angels indorse this ascription of praise offered by these redeemed men by saying "Amen."

2. Whence came these redeemed? (vv. 13, 14). They came out of the great tribulation (v. 14). After the rapture of the Church (I Thess. 4:13-18), awful days of suffering and trial shall come upon the world (II Thess. 2:7, 8). It is the time of sorrow when the anti-Christ shall hold sway; such days as were not before nor shall be after, in which if not shortened no flesh could be saved (Matt. 24:15, 21, 22; cf. Dan. 7:8; 9:26, 27).
3. What they say (vv. 10, 12). (1) Salvation to our God and the Lamb (v. 10). They ascribe their salvation to God through the sacrifice of the Lamb, Jesus Christ. (2) "Blessing." They acknowledge that all blessings come from him. (3) "Glory." They acknowledge him as the glorious one and the one to whom all glory should be given. (4) "Wisdom." He is infinitely wise and all wisdom comes from him. (5) "Thanksgiving," because salvation was provided by him. (6) "Honor." Their hearts went out to him in high esteem. (7) "Power and might." They recognized that all power inhered in him.

II. The Blessedness of the Worshipers (vv. 13-17).

1. They are before God's throne (vv. 9, 15). They are in heaven and near the throne of God. Jesus Christ is now preparing mansions for those who shall go to heaven (John 14:1-3).
2. Clothed with white robes (vv. 9, 14). Their white robes suggest their character. They have been made such in the blood of the Lamb. The only way for a sinner to be made ready for heaven is through the blood of Christ.

3. They bear palm branches (v. 9). The significance of the palm is found in the use that the Jews made of it at the Feast of Tabernacles. It was a time of great joy, because it represented the gathered harvest. The bearers of the palm branches will experience the blessedness of not only being in heaven, but of enjoying rewards for their work on earth.

4. They serve God day and night (v. 15). Heaven is not a place of idleness, or altogether of stinging God's praises, but a place where real, vital service is rendered to God; indeed, there are nobler fields of endeavor awaiting us beyond this life. This life is but a training school in which we are made ready for service in heaven.

5. God dwells among them (v. 15). To get to heaven at all would be truly blessed, but to be there and have God to dwell among us will be wonderful.
6. Hunger no more nor thirst (v. 16). Here life is one continuous round of hungering and thirsting. In heaven we shall neither hunger nor thirst, for Jesus Christ, the Lamb, shall feed us. The straits and necessities of life will then be over.

7. Neither shall the sunlight or heat come upon them (v. 17).
8. God shall wipe away all tears from their eyes (v. 17).

This Day Only.

Enjoy the blessings of the day if God sends them; and the evils bear patiently and sweetly; for this day only is ours; we are dead to yesterday, and not born to tomorrow.—Jeremy Taylor.

Greatest of All Cunning.

The greatest of all cunning is to seem blind to the snares which we know are laid for us; men are never so easily deceived as while they are endeavoring to deceive others.—Raphaëla.

The Protection of a Boot—The Comfort of a Shoe

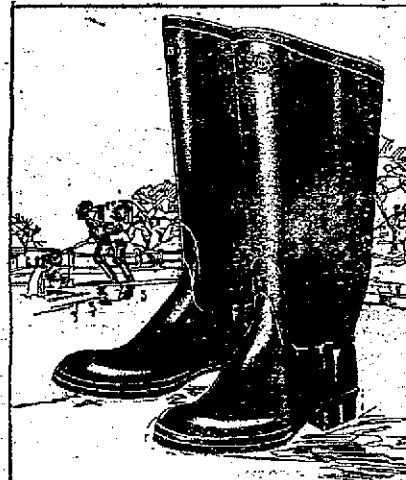

A miner's rubber shoe that farmers everywhere are wearing

IN the wettest weather—over the muddiest ground—you can keep your feet as dry as in boots—and yet have all the lightweight comfort of a leather shoe.

Farmers everywhere are strong for the new U. S. Bootee—a water-tight, lace rubber shoe that is just the thing for everyday service around the farm.

It was designed especially for miners, who must have a waterproof shoe that will not tire their feet. So the U. S. Bootee was made to withstand the roughest wear—absolutely water-tight—and yet light and comfortable.

Today it's fast becoming popular all over the country—with farmers and all men who have to work much out-of-doors. Worn right over your sock like an ordinary shoe, the U. S. Bootee gives perfect protection always—whatever job you have on hand.

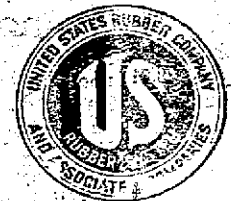

"U. S. Boots—Reinforced where the wear is hardest. Made in all sizes and styles—Short, Storm King, Sporting and Hip. In red, black and white.

Its light weight and its smooth, easy fit will give you a new idea of real comfort in rubber footwear.

Ask your dealer today to show you a pair of the new U. S. Bootees. Look over the rest of his U. S. line—boots, arctics, rubbers—whichever you need. Tough, heavy soles—special reinforcements at toe and heel—and always the highest quality rubber—these points are winning U. S. rubber footwear, thousands of new friends every year.

Ask for U. S. rubber footwear—it means solid wear and long service for your money.

The "GRO-ALL" Fertilizers are sold by the progressive dealers in most sections of Pennsylvania. If not sold in yours, write for the agency proposition today.

Pennsylvania must pay its own way!

IN any well managed business, if a branch is losing money, one of two things must be done—

Make adjustments so that the department will be self-supporting, or

Close up that end of the business.

Bell telephone operations in Pennsylvania are yielding no profits.

Certain units of the Bell System in other states have been granted increases in rates which make it possible for them to meet their expenses.

Today, Pennsylvania is not in that class and we in Pennsylvania cannot ask other states to shoulder our responsibilities. We must face our own problems.

In Pennsylvania right now, we are not making ends meet.

We have our own bills, our own payrolls, our own dividends to pay. We can't ask other states to pay them.

We must have increased rates in Pennsylvania or the service cannot be kept up.

Certain-teed Week March 15-20

is a week devoted by dealers everywhere to the display of Certain-teed Products which contribute to the proper construction of new buildings and the improvement of old ones.

Certain-teed Products Improve New and Old Buildings.

CERTAIN-TEED Roofing will provide you with a weather-proof, spark-proof roof at a moderate cost.

Certain-teed Roofing, the highest quality prepared roofing, is guaranteed for five, ten, or fifteen years according to weight. It has never been known to wear out on the roof.

If you are putting up a new building or repairing an old one Certain-teed Roofing should have your careful consideration.

Certain-teed Paints and Varnishes are also of the highest quality. They are made by experts of nothing but the best materials.

Certain-teed Paints are sold on a fair price policy which means that each color is priced at its cost to produce, plus a fair profit. This policy means a real saving for you.

Certain-teed Dealers in your community have a stock of Certain-teed Roofing, Paints, and Varnishes. They will be glad to help you plan the work and select the proper Certain-teed Products.

Call upon a Certain-teed Dealer this week and get the benefit of this help and experience.

Ford

THE UNIVERSAL CAR

DON'T DEPEND ON SPRING DELIVERIES

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—even next month is an uncertainty.

Only a limited specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come — first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it — then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

INSIST ON GENUINE FORD PARTS

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making and are best for scrofula. By improving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

SOUND AND PROFITABLE SECURITIES

Invest Your Idle or Surplus Money Where It Will Earn You SEVEN PER CENT.

Free From All Taxes

The widespread confidence placed in the securities of The R. L. Dollings Company by the investing public, particularly by the thousands of conservative investors enrolled as satisfied customers of this house, is largely due to the Company's fixed aim to provide Safe, Attractive, Investments for our clients who recognize and appreciate the Company's wise policy of surrounding these securities with the proper safeguards for their permanent protection.

It is a fundamental principle of the R. L. Dollings Company to market Preferred issues only on Going, Established concerns that can point to a successful record for some years previous, which facts are indisputably established by a careful and thorough investigation of the business by the Dollings Service Department augmented, as occasion requires, by competent specialists and experts.

The natural result has been to build for the Company a record of constructive achievement and to secure for it an unquestionable name for sound methods, fair dealing and progressive management that appeals strongly to those desiring a reasonable return on their idle or surplus funds.

All of Our Securities and Investments Pay Seven Per Cent.

Dividends Payable Twice a Year — January and July

If you have One Hundred Dollars or more, you can do no better than to invest it with this Company. We solicit your investigation of the Dollings Plan.

THE R. L. DOLLINGS COMPANY

INVESTMENT BANKERS

Philadelphia, Pittsburgh, Baltimore Indianapolis, Columbus

MORSELE W. CORLE, County Representative

Room-2, Ridenour Building, Bedford, Pa.

Special Representatives — Jo W. Tate and William E. Beam, Bedford; H. E. England, Colerain Township; J. E. Cook, Napier Township.

In selecting a security for sale the Service Department of the R. L. Dollings Company is guided by the following established principles:—

(1) There must be a growing enterprise honestly and efficiently managed; (2) Producing a staple product; (3) On a dividend paying basis; (4) With ample assets to secure the preferred stocks; (5) And the enterprise must bear a definite, constructive, and permanently favorable relation to the world's business.

When The R. L. Dollings Company offers an industrial security it says to the investor:— "We have investigated this concern thoroughly, completely, and are satisfied that it will be a safe and profitable investment."

"We have made a contract with the company whereby we exercise a supervision over the management for the benefit of the investor, and we shall exercise that supervision fearlessly and faithfully."

"In short, we have done and are going to do for you just what you would do for yourself, and on account of our great facilities, do it better than you could."

ANNOUNCING

Various Departments of the Bedford Garage.

ROUND KNOB

There was quite a snow storm in our section last Saturday. Some of the roads drifted so badly that the traffic was held up.

Mrs. John Smith of Coal Dale visited her brother, Wade H. Figard, from Friday until Sunday.

Amelia Hetrick, who has been in the Roaring Springs hospital is home again and is improving nicely.

Fred Foster has been in our neighborhood selling fish and oysters the past week.

Charley Stambaugh, the agent for the Parkes Tailoring Co., is busy selling rain coats in our vicinity. He represents a good company and we wish him success.

Wilbert E. Barton is preparing to erect a new barn on his premises. Albert S. Figard was seen in town

Saturday evening trying out his new ear which he recently purchased.

The Ladies Aid held an oyster supper on Thursday evening.

Harmon Wright has sold his property to Alex Forman and is preparing to move to Sherman's Valley with his father John Wright.

Frank Winter visited at the home of Wade H. Figard on Sunday last.

May Take Politics Out of P. O. Dept.

A bill to abolish the office of Postmaster General and to provide for creation of a postal commission to direct the business of the Post Office Department has been introduced in Congress. If passed, it will remove politics from the postal administration.

Best in the Long Run

MANY motorists think that the outer casing holds the air. But it doesn't! It holds the *tube* which holds the air. And the quality of the *tube* spells the value of the tire in service.

The safest economy is to equip with Goodrich Red Inner Tubes in the first place.

When

your mouth tastes like all the me things you ever did—mixed together, then you need

BEECHAM'S PILLS

Your mouth is a good indication of the condition of the stomach and bowels.

Largest Sale of Any Medicine in the World.
Sold everywhere, in boxes, 10c, 25c.

DO YOU HAVE DIZZY SPELL

It's Important to Learn the Cause.
As Many Bedford People Have

Dizziness is never a disease of itself—it's only a symptom of some deeper seated trouble. Much dizziness is caused by disordered kidneys failing to filter all the poisons from the blood. These poisons attack the nerves and dizziness results. If you are subject to dizziness, there is good reason to suspect your kidneys, and if you suffer backache, headache, and irregularity of the kidney secretions, you have further proof. Many Bedford people have learned the value of Doan's Kidney Pills in just such cases. Read this Bedford resident's statement:

Mrs S Delancy, W Penn St., says, "Every time I have had any trouble with my kidneys I have used Doan's Kidney Pills and they have relieved me in a short time. Frequently I have had bad pains in my back and severe headaches and I would get so dizzy that the room would seem to be going around. At such times just one box of Doan's have driven the trouble away and I consider them a wonderful remedy for kidney complaint."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs Delancy had. Foster—Milburn Co., Mfgs, Buffalo N. Y.

One of the Moseley girls who lives over near Round Knob school house, was in Coal Dale yesterday to see Bill Niggins who claims to be a sort of faith doctor, who wanted him to see if he could remove a large wart from her nose.

The same difference exists between fact and fiction as exists between a woman and her photograph. Some women who marry some men do not get the best of everything.

As sure as you are a foot high—

you will like this Camel Turkish and Domestic blend!

Camel CIGARETTES

YOU never got such cigarette-contentment as Camels hand you. Camels quality and expert blend of choice Turkish and choice Domestic Tobaccos make this goodness possible—and make you prefer this Camel blend to either kind of tobacco smoked straight!

Camels mellow-mildness is a revelation! Smoke them with freedom without tiring your taste! They leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Give Camels every test—then compare them, puff-for-puff with any cigarette in the world!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glass-tube-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

ALUM BANK

Wm. McGregor Esq. has been very sick the past week and his grand daughter who has been ill for the past month is improving.
Derb Barefoot and Miss Martha Barefoot who came over the mountain from Windber on Saturday and returned Sunday found the roads in a very bad condition.
Robert Fetters has erected a saw mill near his place.
Henry Meckley has been very poorly with a bad cold the past week.
Henry Kinsey has moved to Windber where he is employed.
Mrs. R. B. Mock spent Wednesday of last week with her mother, Mrs. Augustus Keller, of Queen.
Mr. Kep Aldstad brought his invalid mother to stay with Mrs. George Marshall.
Mr. Morgan Prosser, who has been quite ill the last few weeks doesn't improve very much.
Mrs. R. B. Mock and Miss Jennie Smith were in Bedford shopping last Friday.

INGLESMTIH

Mrs. Thomas Murphy of Greengridge, Md. was buried at Fairview Thursday afternoon.
Miss Lulu Weicht is on the sick list.
The party held at Mr. John Elbins in honor of their daughter Miss Grace was largely attended. All reported a fine time.
Misses Marie Akers and Zella Morse of Cumberland are visiting home folks a few days at present.
Mr. and Mrs. John A. Morse of Cumberland are home attending the funeral of their uncle, Mr. Joseph S. Morse.
We have a new Rural route thru our section starting at Artemas, Pa.

NEW PARIS

Crist Long and Preston Blackburn are arranging to build new barns during the coming summer.
J. C. Roberts was a business visitor in our village last week, looking up insurance.
John H. Enrick has purchased the Charles Stuckey property at Ryot and will occupy the same in a few weeks.
E. D. Weaver has sold his farm to Homer Enrick and has purchased the town property known as the store property, of S. H. Mickle and will take possession in the near future.
Mr. Mickle will move on the lot formerly occupied by his son, J. Warren Mickle.
Mrs. Eliza Shriner and daughter, and Daniel Helman who sold their properties some time ago to Harry C. Mickle, have moved to Hollidaysburg, where they expect to make their future home.
On Saturday afternoon the body of H. Donald Blackburn, son of Mr. and Mrs. Harvey Blackburn, of Ryot was brought to New Paris for burial. This little boy aged 9 years, 1 month and 14 days underwent an operation at the City Hospital, Johnstown, for appendicitis, and a few days after, on March 3, he died at that institution. Funeral services were conducted in the Evangelical church at New Paris by the Rev. G. H. Baumgardner assisted by Revs. A. F. Richards and J. Winwood. Interment in cemetery near the church.

PINE GROVE

Mrs. Robison of Pittsburgh visited her brother Thomas Cook on Thursday night.
We are glad to note our sick all seem to be much improved at this writing.
Maude Hinton of New Paris visited her uncle James Hinton and family recently.
Mr. and Mrs. Harry Blackburn and Mrs. Mary Metcalf of Spring Meadow were guests of the family of C. S. Berkheimer on Wednesday.
Miss Elsie Jokes and friend of Hollidaysburg visited her mother Mrs. Margaret Jokes over Sunday.
Mrs. Steaven Callis and children spent Wednesday of last week with her sister, Mrs. Charles Claycomb.
Mrs. Bailey Bender presented her husband with a fine baby boy on Sunday morning. Bailey is smiling all over and says he surely appreciates the handsome gift.
Mrs. R. O. Griffith attended the funeral of her aunt Mrs. David Pencil held at Cessna on Monday.
Steaven Callis at present is employed as sawyer for Russell Wonder's near Point.
Sewell Ober of Altoona was in our community buying horses on Friday.
Dwight Bender and wife spent several days with the latter's parents, Mr. and Mrs. John Vaughn.
Ross Hinton was a New Paris visitor on Saturday.

FISHERTOWN

Miss Margaret Miller of Bedford spent the week end here with home folks.
Mrs. Rebecca Fickes after spending several months with friends in Ohio returned home last week.
The Misses Minnie Bassett and Nellie Thomas are visiting friends in Adams County.
Mrs. Mary Metcalf after spending the winter with friends at Spring Meadow has returned to her home here.
Miss Holderbaum and Miss Phillips of Yont's were visitors at the home of Mrs. Sophia Hoover recently.
Elmer Feaster has gone to Roaring Spring Hospital for treatment.
Owing to the illness of Mr. and Mrs. Russell Mowry of Buffalo Mills their little daughter Ethel is staying with her grand mother here, Mrs. T. E. Berkheimer.
The Auction at the store of S. B. Way last Saturday was well attended and will be continued next Saturday.
Mrs. E. G. Feaster was a Roaring Spring visitor Wednesday.
Norman Reninger of Spring Meadow was a Sunday visitor at the home of S. B. Way.

April 4th.

Fascinating
New Spring
Neckware

Our displays of the new Spring Apparel for women---misses
and children are now complete and ready for your selection.
The new Coats, Suits, Waists and Skirts are shown in the most

beautiful and authentic Style features---offering garments of charming originality.

Hundreds of women in Bedford County await our announcement each Spring---because they have learned to know that what they Buy Here---Apparel or Accessories is correct in Styles---of first class Quality and Reasonably Priced---We are telling you here just a little about some of our offerings but the best way is to come in and see them yourselves---

It will surely do your Winter-weary eyes good to see our Spring Showings not only of Garments Ready to Wear---But also of Lustrous Silks, Beautiful voiles, newest fabrics in Serge, Tricotines and Jersey---The New Footwear---New Shirts and Ties for the Man of the House, Clinging Draperies, Snow-White Curtains and Materials---Window Blinds, Floor Coverings and even in our Grocery Department our Groceryman will show you new and delicious foods. Reliably for Spring that will tempt the appetite dulled by the heavy diet of Winter---

The New Coats

Our displays include both the Utility and Sport Coats of shorter length with a plentiful showing of belted models in both types --- Many of the beautiful fabrics of Fall and Winter have been reproduced in lighter weights for spring --- such as Silver-tone, Velour and Wool in Novelty Weaves. Some very handsome models are fashioned of Tricotine, Serge and Polo Cloth. The Utility Coat is still three-quarters and seven-eighths length. While the Sport Coat is shorter varying from finger-tip to knee-length
Priced from \$22.50 to \$60.00

The New Suits

The Main Feature of the Suit Styles for Spring is the length of the Jacket with the short length the more popular. Our displays include coats with belts and ripple peplums also Jackets of the Eton and Pony types with trimmings of close set rows of buttons on sleeves and at the sides or with braid and embroidery effectively used. Suit Skirts are somewhat shorter and can be either pleated or plain --- Pique twill, tricotine, serge and Gaborline are the principal fabrics in rich-dark colorings Navy Blue predominating.
Priced from \$27.50 to \$90.00.

The New Dresses

Every individual taste and requirement are happily remembered in this assemblage of new frocks --- In fact Individuality of style is the marked characteristic of this Season's Dresses. The fuller hip line is noted in many delightful variations by the clever use of pleatings and rufflings or by the effective draping of materials. Waists are fitted and skirts are shorter and fuller --- Made of the many fabrics, including the ever popular crepe Georgette, Serges, Tulle, etc.
Priced from \$18.00 to \$50.00.

New Skirts

That the Separate Skirt will be more popular than ever this Spring is evident not only because it is approved by Fashion, but because of the attractiveness of the Styles Shown. --- Styles and Materials are exceptionally pretty. Dainty silks and wools in nobby stripe and plaid patterns fashioned in plain or draped models provide a wide range for individual expression. All skirts are shorter this season.
\$7.50 to \$30.00

New Waists and Blouses

The New Waists in all their dainty beauty are now ready for your selection --- Georgette crepe with its sheerness and transparency is the principal material used. Scarcely any other fabric can take its place in the feminine fancy as it blends with the prevailing fashion beside being attractive and durable. The colored blouse is somewhat more favored than the white. Some blouses of net and linen lawn are prettily trimmed with Fillet and Maline lace.
We have a large assortment at \$1.50 to \$18.00

New Coats for Juniors

The Spring Styles are here and ready for careful mothers to select from a varied assortment, fashioned from the most popular fabrics.

Children's New Dresses

The new spring styles present some of the most winsome we have ever seen. Clever models in appropriate materials for play or dress-up --- distinctly designed and many hand embroidered --- And new coats, also --- For little girls, we have a fine selection of fresh and captivating coats for Spring and Easter Wear For both Big and Little Sister

Charming Goods for Draperies

Let us aid you this year in choosing Curtain Fabrics for the Home. We have purchased our Spring Curtain material with more than usual care and thought as to what is really new and beautiful for Bedford County and its windows ---
And it is reasonably priced.
